RED HAWK 2240 / KEYSTONE, COLORADO

Three ways to come home to the mountains.

Direct-booking website concepts · October 2026 · Actual property photography

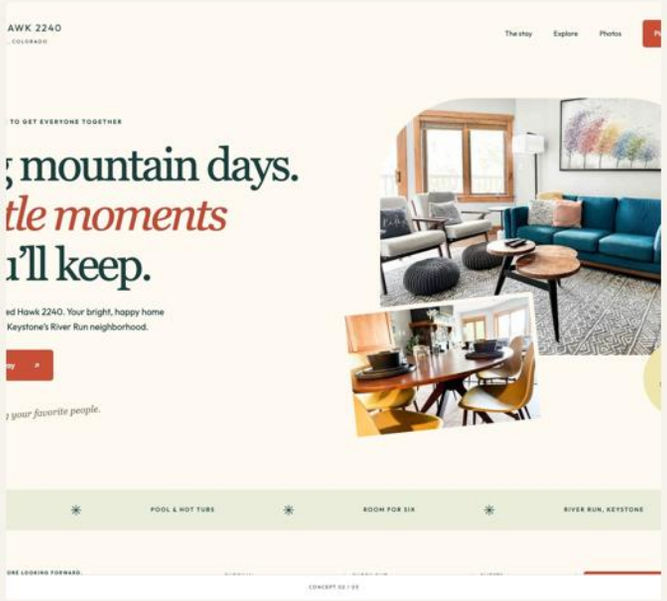

01 THE ALPINE EDIT

Refined · Forest green + ivory · Photo-led

A quiet, elevated mountain retreat.

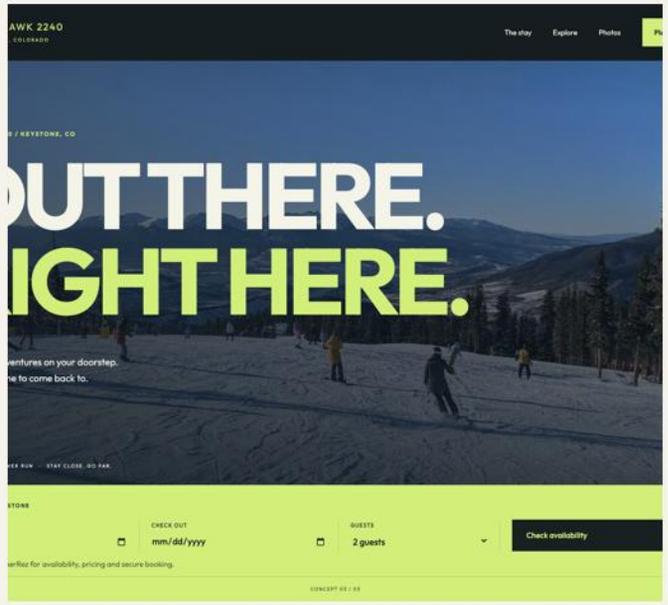

02 THE GATHERING PLACE

Welcoming · Terracotta + teal · Family-first

Warm, colorful and full of personality.

03 BASECAMP 2240

Bold · Charcoal + alpine lime · Adventure-first

An energetic home base for mountain days.

My recommendation: The Alpine Edit for the strongest independent hospitality brand.

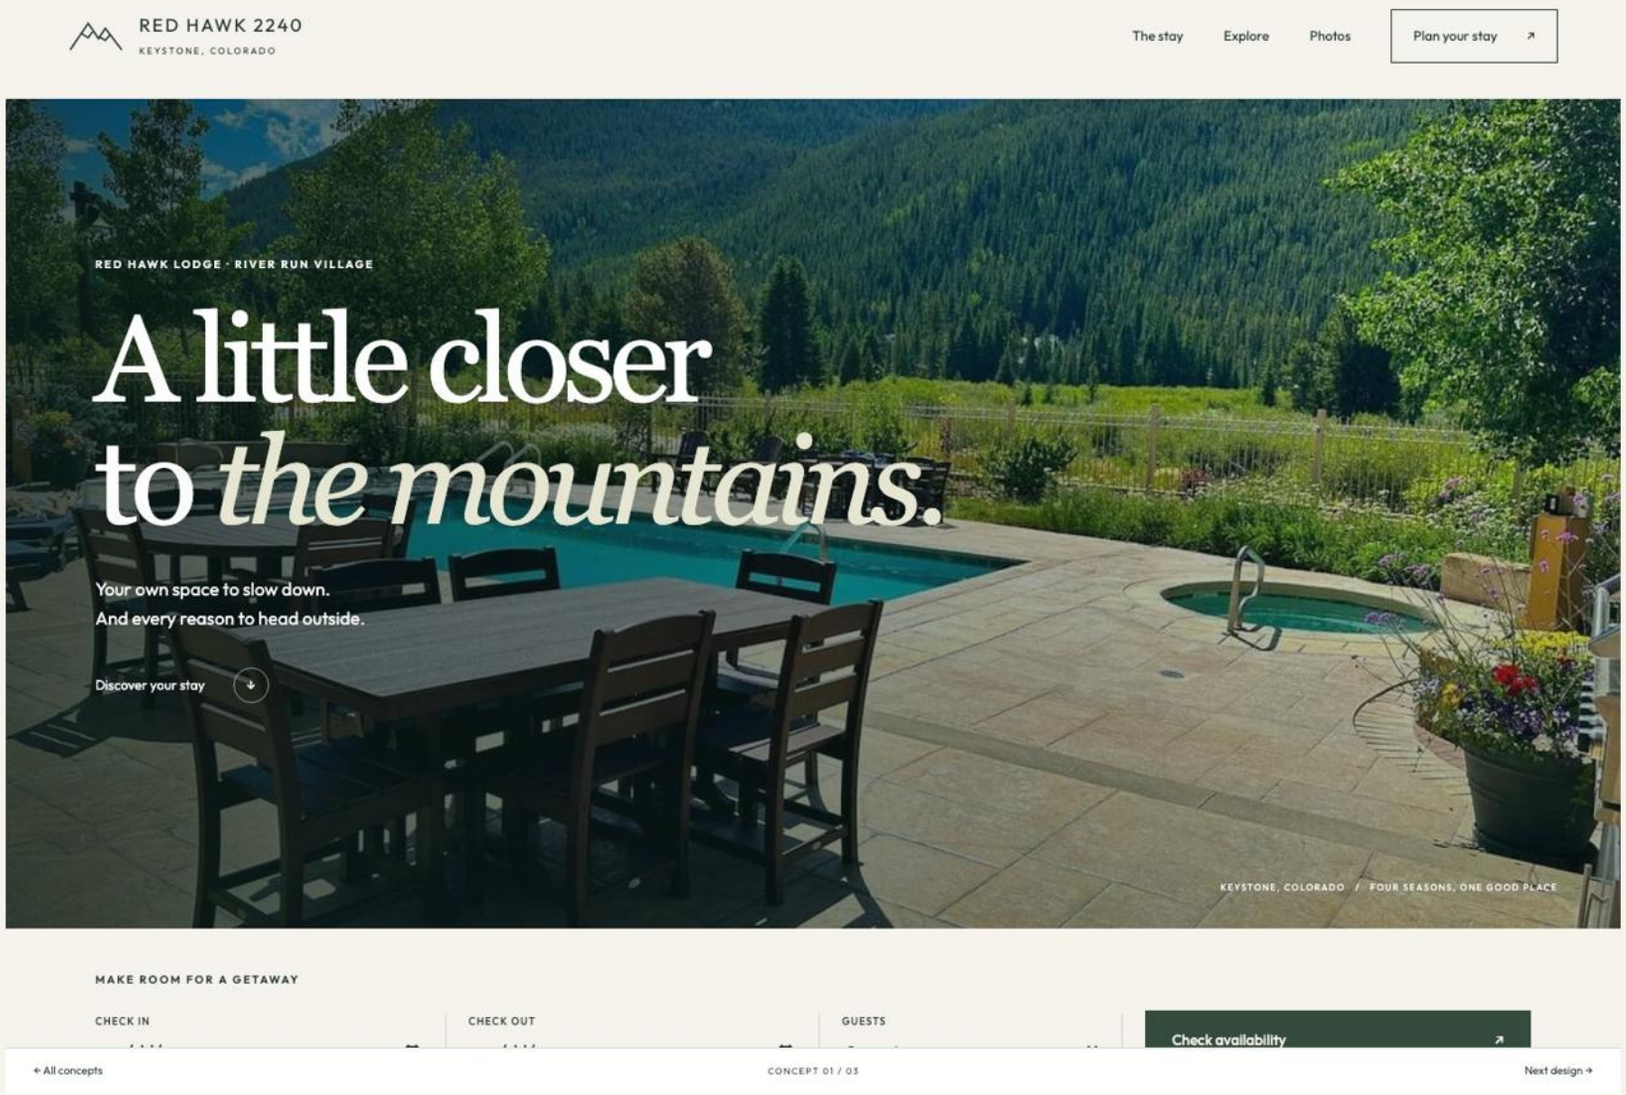

All three include responsive pages, photo galleries and a stay-planning preview.

Live availability, prices, direct reservations and payments are not connected.
